

LEH

LADY ELEANOR HOLLES

WELL STEM Scholarship

The school will award one STEM Scholarship. This scholarship is available following funding from a benefactor, **Worldwide Energy Logistics Ltd.**

The recipient will be an applicant who demonstrates their passion for one or more STEM subject (Biology, Chemistry, Computer Science, Further Mathematics, Mathematics, Physics or Product Design) and intends to pursue further study and possibly a career path in a STEM related area. It is open to external as well as internal candidates.

16+ Application Process:

If you are an external applicant applying for Sixth Form entry, and you wish to apply for the STEM Scholarship, you should indicate this on your application form by ticking the appropriate box and submitting your form by the deadline of 10th October.

If you are a parent of an existing LEH girl moving into the Sixth Form, you will receive a letter from Mrs Hanbury in the autumn term of UV asking if your daughter wishes to apply for any of the Sixth Form scholarships. If you would like your daughter to be considered for the STEM Scholarship, you must complete and return the Sixth Form Scholarships form by the given deadline.

Please provide a covering letter, addressed to the STEM Co-ordinator, with your application explaining why you are applying and outlining your current plans for future study and potential career path. You will need to demonstrate a passion for your subjects and explain what you feel you could contribute to extracurricular life of the school.

Open to:

The STEM Scholarship is open to external and internal candidates entering the sixth form to study STEM subjects. As a prospective STEM Scholar, you will be studying one or more STEM subjects at A Level.

What happens on the day?

Shortlisted applicants will be asked to give a short presentation.

Expectations of a WELL STEM Scholar

The STEM Scholar is expected to be a positive role model for women in STEM and contribute to extracurricular activities.
